EXAMINER'S AMENDMENT

Election/Restrictions

The species restriction indicated in the Office Action mailed 06 October 2005 has been withdrawn because of allowed generic claims, Claim 1 and 12. Thus, the claims directed to non-elected species, Claims 4 and 15, are rejoined and are not withdrawn.

This application is in condition for allowance except for the presence of claims 23 and 24 directed to inventions non-elected without traverse. Accordingly, claims 23 and 24 are been cancelled.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 23 and 24 (Cancelled)

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest the claimed process of processing filament polyethylene yarn within the claimed inequality statements in air circulation that is in a turbulent state. Specifically, the 35 USC § 103(a) rejection is withdrawn in view of Applicant's Arguments and Declaration pertaining to forced air flow not explicitly being turbulent and the non-obvious difference in the heat transfer

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
